

*Sunseed* Eco-Education Ministries recognizes the continual unfolding of that sacred story within every aspect of creation, including the multiple daily experiences in our individual lives.

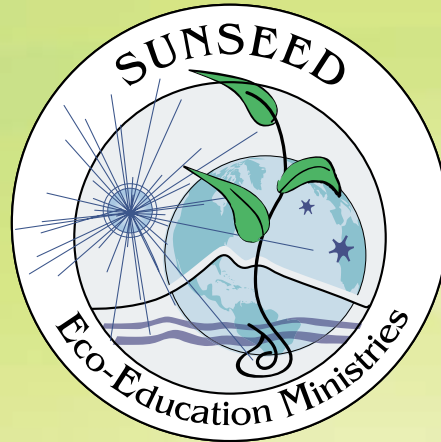

*Kids Day  
on the Farm*

*The Sacred  
is present in all that is.*

*Sunseed* Eco-Education Ministries networks with other organizations to promote a healthy ecology.

*Sunseed* Eco-Education Ministries carries out its mission at several sites, Mount Carmel Convent in Mount Calvary, Wis., Notre Dame of Elm Grove, Elm Grove, Wis. as well as local convent homes. Through gardening, food preservation and green practices, participants express the unfolding Universe Story.

# Sunseed Eco-Education Ministries

*Be the change  
you want to  
see in  
the world.*

– Mahatma Gandhi

You know about rising food and gas prices, strange weather conditions and a global food crisis. You may even know about debt, corporate scandals and the increase of asthma cases. What worked before is now killing us through pollution, toxic chemicals, dwindling resources, global warming, and violence. It is time to create a new way of being.

*Sunseed* Eco-Education Ministries can help. Imagining alternatives to our present crises is the first step.

*Sunseed* Eco-Education Ministries initiates processes through our programs to help participants affect our world for the better. In the end, those involved feel proud of themselves.

*We are in the midst of a massive up-welling  
of human potential, creativity, anger,  
and frustration.*

– Barbara Marx Hubbard, futurist
